12 ULTIMATE CHALLENGES – 99 TO 100 PERCENTILE IN PHYSICS

A. FOLLOWING QUESTIONS IN TOP PYQS PDF ARE REMOVED FROM JEE MAIN 2026 SYLLABUS

1. JEE Main 2022 Top 200 PYQs - 70, 77, 80, 87, 108, 115, 116, 122, 130, 168, 172, 174, 177, 179 to 185, 199
2. JEE Main 2023 Top 200 PYQs - 67, 70, 77, 80, 101, 137, 177, 180 & 189

B. Selected theoretical questions of JEE Main 2024 & 2025 are included in Top 200 PYQs of JEE Main 2024 & 2025 itself. Theoretical questions of JEE Main 2020 to JEE Main 2023 are compiled in 141 Theoretical Questions video

WHERE TO SEND UPDATES OR TASK COMPLETION?

Send it to Eduniti Team in Chat Section of Eduniti App

(Install Eduniti App from playstore)

INSTRUCTIONS

1. If question solving is not good, then refer 2020-2022 complete question solving sessions in learning mode and then continue with this challenge
2. Complete Top 1241 PYQs first (*chapter wise, you can choose any chapter as per you or follow our sequence*), then do other challenges like RBS, Sureshot, ADV PYQs etc
3. Must take print of above planner and put up on the wall, keep putting tick mark as you do it
4. If possible take print of all Top PYQs PDF and use it, first fill your answer in blank answer key and then cross check. Refer video solution to clear doubts immediately
5. Use formulae marathon very frequently 20 days before actual exam or even before any mock tests you take
6. While doing it for the first time keep taking note of question numbers which you would redo in 1st and 2nd Revision
7. **DEADLINE** for 1241 Top PYQs is 15 Days, RBS & Sureshot is 5 Days, JEE Adv PYQs is 5 Days and Graph/Experiment one is 2 Days. So a total of 22 Days. Then Rev 1 and Rev 2 of 5 Days Each.

Thousands or even lacs of you might start it but less than 5% actually complete it with 2 revisions, hope you fall in that 5%
